Terms & Conditions

Rates are subject to adjustment at the start of a calendar year, or when determined by Elizabeth Mackney. Some prices are discounted compared to prices recommended by NDIS for Therapeutic Supports and Early Childhood Supports, and represent significant value for money. Should payment of the discounted fee not be received within 14 days of invoice issue the recommended NDIS price will apply. See cancellation policy in service agreement. One supervising adult (primary carer/support worker) is not counted in the numbers. Other attendees beyond one transform the session to a family/group session, and therefore incur the associated fee.

Kind regards,

Elizabeth Mackney
